Aging With Grace

Ecclesiastes 12
(Pew Bible p. 677)

I've been taught as a Christian how to die, but I'm discovering I haven't been taught how to deal with old age. Allan Emery to Billy Graham

2 principles to aging with grace:

1. Smile: Aging can be an arrow pointing you to what is coming.

12:1-7

2. Live: Aging can be a stop sign that *now with God* is all you really have.

12:8-14

*Life is not a riddle to be figured out,
but a relationship with your Creator to be experienced.*

The aging process should help you focus your thoughts more intently on the sufficiency of Jesus for all things.
